

MOVING TARGETS: FOOD, AGRICULTURE, AND PEOPLE

ALICE P. JULIER, DIRECTOR

THE CENTER FOR REGIONAL AGRICULTURE, FOOD, AND TRANSFORMATION
(CRAFT) AND THE FOOD STUDIES PROGRAM

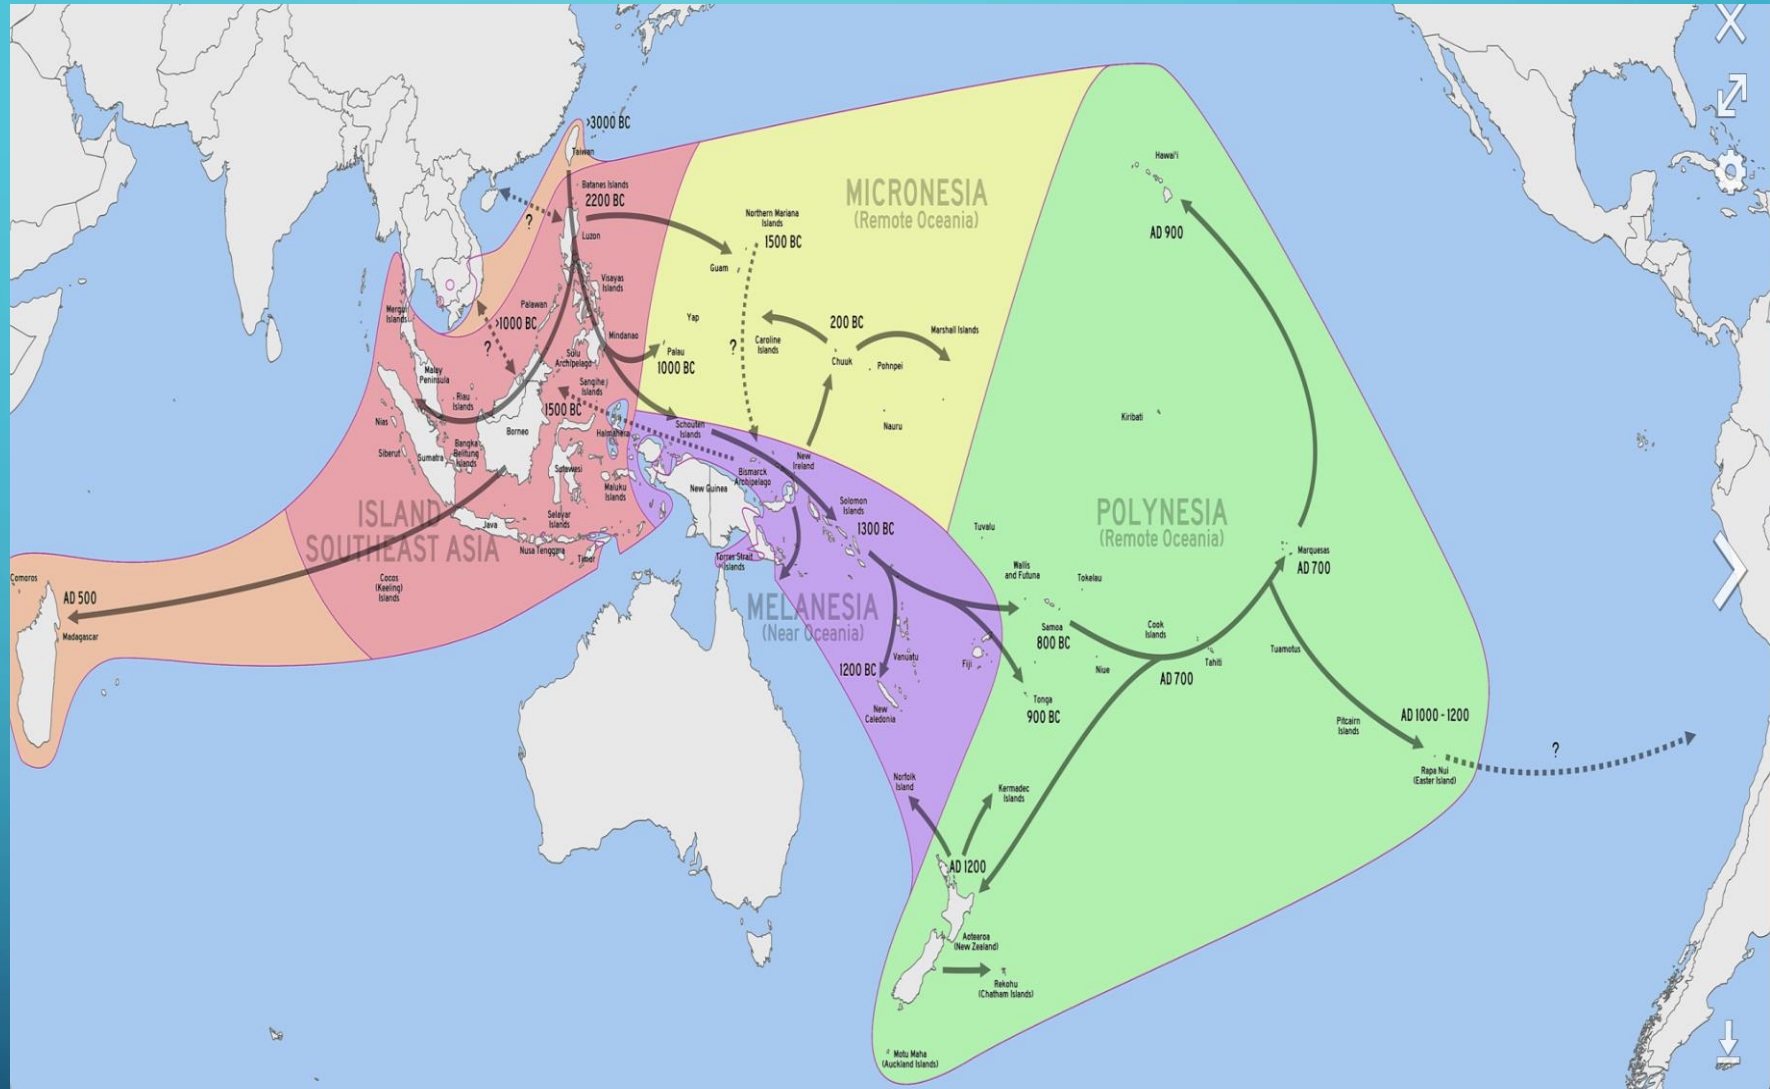

CHATHAM UNIVERSITY

March, 2019

MIGRATION

- Migration has always been a part of human experience.
- Plants, animals, and the knowledge of their use and cultivation migrate too.

FOOD AS A MAJOR FACTOR IN MIGRATION

BIODIVERSITY: CULTURE AND NATURE

“PLANTS AND PEOPLE” PROGRAMS

- **The Plants and People of Micronesia Program** is a long term science and conservation based effort to help promote preservation of biodiversity, cultural knowledge and native habitats on three Micronesian sites through investigation of the flora, traditional knowledge, and human health issues.
